

Greenville Gazette

Home of the Tigers!

A Note from Ms. Pierce

Families,

Next week, we begin our ILEARN state testing for our third and fourth grade students. It's important that as a school family, we support our third and fourth graders as they work hard to show all that they have learned. As families, there are things you can do at home to support your child.

1. Reassure your child that he/she doesn't have to know all the answers. He/she just needs to try their very best on every question.
2. Make sure your child gets a good night's sleep and eats a nutritious breakfast each morning of testing. This will help their brain be ready to go!
3. Make sure your child is ready to go the night before - lay out what clothes to wear, have the backpack by the door, and have a plan for breakfast. A smooth start to the morning at home will help for a smooth start at school as well.
4. Leave electronic devices at home - cell phones and smart watches are NOT allowed in the testing environment.
5. Take a deep breath and breathe . . . We got this!

Thank you for all you do to support student learning!

Love,
Ms. Pierce
